Annual Report Filing Requirements

Domestic Corporations – Must be filed online on or before March 1 each year.

Dissolutions and Mergers –The Annual Franchise Tax Report is due at the time of filing. Taxes are due for the entire calendar month during which the dissolution or merger becomes effective.

Conversions – The Annual Franchise Tax Report is due at the time of filing. Taxes are due through the date of conversion. The Annual Report MUST be filed before the conversion can be placed on file.

Renewals:

Void Corporations – The Annual Report for the year prior to the date of void is due. All taxes due prior to the void date must be paid with the annual report. If a corporation chooses to recalculate on the assumed par value method, the reports are due for the two years prior to the void date. Please check the 505 screen for the tax year due.

5 Year Voids - The Annual Report for the year void is due. The tax due is for the year void and is calculated at the current rate and multiplied by three. If calculating on the assumed par value method the taxes are also multiplied by three. Please check with Franchise Tax as DCIS may need to be updated.

Forfeited Corporations – The same rules apply as void corporations. Please check the 505 screen for the tax year due.

Foreign Corporations – Must be filed (on paper form) on or before June 30 each year.

Foreign Voids – The Division of Corporations requires the filing of the Annual Reports for the two years prior to the void date. However, the law requires that an annual report must be filed for each year that the company did business in Delaware. Please inform client of this law and have them file the appropriate Annual Reports.

The affidavit should attest that the assets and issued shares reported are true and correct to the best of their knowledge and must also state the Federal Return has not been filed and a copy will be sent to the Delaware Division of Corporations when filed. (This allows us to accept the issued shares and assets and recalculate the taxes).
